

Dear PAM Students,

HAPPY NEW YEAR!

Congratulations

We're so proud of everyone - students, tutors, volunteers - for making our second term online go so well. Even though things have continued to be difficult and very different to normal, our music-making and community spirit has carried on. Thank you everyone!

We did so much in 2020!

We've learned how to use **new technology**, discovered **different ways to learn music**, and **adapted to strange times**. We worked on our **choir project together with the Multi Story Orchestra**, and created our own **electronic composition with Sam**. We even managed to have a **Christmas concert online**, and it was an amazing success!

New for 2021: PAM Radio

We're very excited to welcome our wonderful new volunteer, James C, who has taken over from Anna-Marie. James C is a professional guitarist and composer. This term, James C will be running a new, exciting project - our very own **PAM Radio Station**. PAM RADIO will release a **weekly show** featuring music chosen by **YOU!**

How it works:

As **PAM RADIO DJ**, James C will be in touch with **5 students each week** to ask them about a piece of music or song they like. The following week, their chosen pieces will be **featured on the show**, which we will send out by email and text.

PAM RADIO will help us explore more exciting music and improve our listening skills. So start **thinking about which piece you might choose and why!**

See you very soon!
James and Shem
